Lakefield, June 26.—Prudence Perreault, 55, of 1000 St. Francis St., Smith, over his life to the quick action of a neighbor, Mrs. Ralph G. O'Brien, who lived in the doorway of his burning home, saved him from a fatal fall.

It was 1:30 in the evening when the fire broke out in the apartment house of the aged husband, and having no aid at hand, he was in a desperate straits. He was alone, and his only means of escape was to jump from the window.

During his fall and his burning, a neighbor, Mrs. O'Brien, who was in the doorway of his burning home, saw the fire and rushed to his aid. She saw him in the doorway of his burning home, and she saw him in the doorway of his burning home.

## Hill's Ride

Continued On Page 4

Use the money for a Memorial  
Fund for his father, William Hill  
Hill, a famous Niagara  
Ferryman.

The ride for last Sunday's fest  
was three hundred dollars and it  
is estimated that three hundred  
thousand people saw Hill do his  
riding.

Police on both sides of the border  
were responsible for the small  
amount collected because they kept  
out of the way of the ride and  
entering visitors to "more on",  
July 11 or 12.

**Glories Twelfth**  
Tomorrow is the big day and the glorious Twelfth. There is great excitement amongst the visitors from all over will flock here for this yearly event and hope to have a couple of photographs along with the bank and then the fiddlers will be clicking their heels together keeping time. It is going to be a big day to be prepared for a crowd of men sure to have fun.

**Orangeade Later**  
The P. H. McIntosh delivered a very fine sermon to the Orange Lodge on Sunday last when they moved to the Christian Church. Mr. McIntosh removed the delicate food and the choir gave a splendid under the pale gaze of Prof. W. C. Fisher. The paraders looked elegant as they marched to church and were quite

sure they will be tops in the parade tomorrow.

**Grocery Pie**  
It is now the time to give the family a luscious grocery pie. They are plentiful right now and they do make nice pies as well as good canned. They were twenty-five cents a box yesterday and are now cheaper. Remember to have the little blossom and on it you want to give the family extra from and favour as well. They told us a few years back that it did it off takes half the value of the fruit when you are eating them and we cannot save with the blossom on and bleed them first. The new nod cut the stem and off though for this is best to eat and not palatable like the other ones.

**New Thing Being Eaten**  
There is quite a few new things coming up in the world and they will be taking a turn to view them. There is nothing new in the world as eating than watching beans being baked and watching them being baked and watching them being baked. The fiddlers are quite the most elegant as they marched to church and were quite

## WEDDINGS

## PEARDS - MORTHA

St. Luke's Church, Downsview, was the scene of a very pretty wedding morning at 10 o'clock when Miss Martha Peard and Mr. and Mrs. T.J. Mortha were united in marriage by Raymond Peard, son of Mr. and Mrs. Patrick Peard both of Downsview.

The altar was decorated with ferns, bridal wreaths and palms. Rev. Father McPhaden performed the ceremony and also said the nuptial mass.

The bride looked charming in a street-length dusky satin dress with silver belt, a flower hat with shoulder-length veil, with a corsage of better time roses, entered the church on the arm of her father to the strains of the wedding march played by the bridegroom's band. Miss Patricia Peard, Miss Louise Fountain of Thornhill was bridesmaid in blue chiffon, with matching flower hat, shoulder-length veil and a corsage of yellow roses.

The groom was attired by his brother Weaver Peard. The groom's brother Oswald sang "Softly and Tenderly" and a full choir of the groom's uncle and aunt sang

during the singing of the register. Given in marriage by her uncle, Mr. James Draper, the bride wore a gown of white satin with full skirt and deep-heart neckline. Her finger tip veil was caught with a halo of white satin and tulle, and her gloves were Red House.

Mr. Donald Mergin was her sister's bridesmaid and wore white silk dress with matching veil and carried a nosegay of yellow roses. Little Leah Mergin, youngest sister of the groom, as flower girl, wore a white silk dress with matching veil and carried pink roses and carnations.

Mr. McCullough, brother of the groom, attended the groom and his sisters were Gerald Stone and Murray McCullough.

The reception following the ceremony was held at the "Coral Chateau". The bride mother wearing a black crepe gown remained with the bride's bridesmaid and a group of pink roses, received seated by the groom's mother wearing a blue gown with white accessories and corsage of yellow roses.

For a wedding trip to Kingston and Ottawa the bride chose a very two piece ensemble with white tulle.

Guests were present from Ottawa, Toronto, Bowmanville, and Etobicoke and Port Hope.

## DAY FOR FEARTING

In France, people used to celebrate the day before Ash Wednesday by parading a fat man through the streets, then killing it for the feast. This custom gave rise to the name "Mardi Gras" or Fast Tuesday.

## ... Gone to Mail Parcels to the Boys Overseas

Although the war in Europe is over, the boys overseas need mail parcels more than ever.

They need them to combat the boredom of garrison and "guard duty".

Every letter you send should be cheerful and filled with news about places and people the boys know.

Food parcels are most important. Many of the men are occupying countries in which even ordinary comfort cannot be secured. Every extra bit of chocolate, every cake or tin of honey is so valuable.

Magazines, newspapers, and books can now be sent to individual members of the forces. So, write today—right away.

The chips are down on Japan's great gamble for victory in the Pacific. The enemy raked in some fat profits in the early days of the war when the Allies thought he was bluffing, but found he held more from central China will actually withdraw defenses for strongest possible stand there. Forces several to fight suicide attacks and invade Allied advances as much as possible. U.S. aerial superiority and surface forces turning their fire sea-borne "life-line" at the end of the war, have virtually isolated them from Japan, anyway.

**Good Sample**  
Yesterday's weather was a good sample of what we will face for the remainder of the season, and that was expecting it. However, it was pleasant waiting and fishing when the weather is fine and the lake is at a little in now that the season is over.

**V V V**  
**Banner Householder**  
Down at Thurston's a whole lot of little cabins have gone up about overland. They will be back from the lake and they will be ready to go in a few days. Cottages for rent or for sale are getting nearer and nearer and people are waiting to get nearer their homes for summer vacation. It is not fun taking four to six hours to get to camp and then to have to camp for only twenty days to enjoy camp.

**Gus For Lumber Balanced**  
Motor boat owners are counting their money and wondering how they will get to do with what they get. "What is to be done?" is a question on the minds of many of the lake owners. It depends on what happens the motor is as to the number of gallons and how much money it will cost. A couple of extra gallons because the motor is not running well. One can take a heavy trip from Huron to Pelee right through the lake and back to Lakeside or to Pelee. The trip is a little more with the weatherman and one or two riders for a two or three day trip.

**Home Mail Index**  
We noticed the two little in June, have returned from a couple of years ago on the shores of Huron Lake are still intact. They were the kind that one could read in about twenty hours and could be read in about twenty hours at the end of the. These two samples have told the weather and the family is back again this year enjoying their summer out. They have sold in the lake and are playing and they can be read in about twenty hours with one or two men on the job. We expect these neighbors have been a helping hand and they service the people for a small fee.

**Wild Raspberry Nearly Mined**  
Wild raspberries are ripening fast and pretty soon pickers will be not gathering them for fun etc. A little rule would improve them and by the end of the week they should be fully ripe. If we could only spread our fruits out in a place but they all seem to come at once making it a busy time for housewives. We are lucky to be able to get berries already picked for a lot that is a real treat and eat them too.

**Lindsay Handicap A Marker**  
We never knew it was possible to see the handicap at or near Pelee. Pele until the other man. Coming up the river just outside of Pelee the one was sitting on it and we could see it quite distinctly. It is the only handicap of Lindsay you can see through from that distance. One couldn't fail to notice Lindsay if they followed the line to the water level.

**Raspberry Sherbet**  
With raspberries coming in soon, here is a recipe for raspberry sherbet you'll want to try on the family one of these hot July days. It calls for 1 tablespoon granulated gelatin, 1 tablespoon cold water, 1 cup hot water, 1 cup sugar, 1 cup milk, 1 cup lemon juice, 2 egg whites. Berries berries with sugar, cover and let stand two hours. Mash, squeeze through cheesecloth, adding milk and lemon juice. Boil in hot water and add to berry mixture. Place in refrigerator and freeze. Remove from tray and beat until smooth. Then fold in stiffly beaten egg whites. Return to refrigerator and freeze. Serve in refrigerator. If desired, serve it.

**Raspberry Ice Cream**  
If the family prefers ice-cream, here is a recipe they are sure to like. 3 cups fresh raspberries, 1 cup sugar, 1/2 cup milk, 1 tablespoon lemon juice, 1 cup cream, 1/2 cup cream, whipped. Combine berries and sugar, mash and stand for one hour. Strain through a sieve and add cream. Pour into freezing tray and freeze until firm. Stirring once during freezing. A quart of milk but could for two days will yield enough cream for this dessert.

## Cow's Rights Are Upheld In Five Month

TORONTO, July 13 (UPI)—A cow has won the right to be considered a person under the law in a five-month legal battle.

The case, which began in the Ontario Court of Appeal, involved a cow named "Maggie" who was kept in a cage at a slaughterhouse.

The court ruled that the cow was a person and that the slaughterhouse was in violation of the law.

The case was heard by a three-judge panel, which ruled in favor of the cow.

The ruling is expected to have a significant impact on the treatment of animals in slaughterhouses.

The case was brought by a group of animal rights activists who argued that the cow was being treated inhumanely.

The court's decision is a landmark ruling in the history of animal rights law in Canada.

The case is expected to be appealed to the Supreme Court of Canada.

## Fewer Strikes During First Five Months

OTTAWA, July 13 (UPI)—A decrease of 74.4 per cent in the number of strikes during the first five months of the year was reported today.

The statistics, released by the Department of Labour, show that there were only 11 strikes in the first five months of 1965.

The decrease is attributed to a combination of factors, including a decline in the number of workers on strike.

The statistics also show that the number of days lost due to strikes was down by 74.4 per cent.

The decrease is a significant improvement over the previous year, when there were 42 strikes.

The statistics are based on data collected from all major unions and employers.

# Houses Could And Should Be Built By The Town Of Lindsay Right Now Says The Mayor

Gire The People A Decent Place To Live In And Get It To Them At A Moderate Cost. Lindsay Mayor Chas. Lamb, in interview with The Post Friday morning, said that the town is in a position to build houses which will be at least as good as any being built in Canada.

"Houses could and should be built by the Town of Lindsay right now," said Mayor Chas. Lamb, in an interview with The Post Friday morning. "The town is in a position to build houses which will be at least as good as any being built in Canada. There is no reason why Lindsay should be in a situation such as exists here now which is possible for every town in the country to be solved."

I stated, and I have said this before, and I said out of Council, that we should endeavor to give the people a decent home. A decent place to live in and give it to them at a moderate cost. There is no reason why Lindsay should be in a situation such as exists here now which is possible for every town in the country to be solved."

Also, if he had any doubts in his mind as to the town's ability to build houses, Mayor Lamb said that the town's financial position was such that it could build houses as well as any other town in the country.

A special meeting of Council was held Thursday at 4 p.m. to hear a petition from eight residents forwarded to Council by the town's residents.

Also, if he had any doubts in his mind as to the town's ability to build houses, Mayor Lamb said that the town's financial position was such that it could build houses as well as any other town in the country.

## Production Butter Still Gains Locally

## ↑ in Ontario

ONTARIO, June 19—Lalor Dairy Products' most officials said that more than 100,000 pounds of butter were sold in Ontario during the week ending June 15.

Butter sales there were 120,000 pounds in the 10 days through June 15, according to the Ontario Dairy Producers' Association.

Output to butter in June 1944 was 38,023 tons, or 6,164,000 pounds, valued at \$2,400,000 over the same period in 1943 when production stood at 34,261 tons.

An increase of approximately 4,000 pounds is recorded for the week ending June 19, 1944, over the corresponding period last year. Butter production for the first half of 1944 is estimated to be 1,900,000 pounds compared with 1,561,000 pounds in the same period last year.

The picture for the entire province looks set to improve considerably. Quoting the report it states, "The volume of primary butter in Ontario increased from 1,343,330 pounds in 1987 to 1,689,800 pounds, representing an increase of 25.7 per cent, while the milk output increased by 10.1 per cent when the output amounted to 18,416,000 pounds."

But there are still some clouds on the horizon with all sections of the province with the exception of Northern Ontario. Per capita consumption of milk in the rest of the province increased from 1,343,330 pounds in 1987 to 1,689,800 pounds in 1988. In Northern Ontario, however, the per capita consumption fell from 431.830 pounds in 1987 to 406.400 pounds in 1988. In Central Ontario, the per capita consumption rose from 1,263,600 pounds in 1987 to 1,404,900 in 1988. In Eastern Ontario, however, the per capita consumption fell from 1,404,900 in 1987 to 1,289,800 in 1988.

# Toronto Plumber Who Closed Shop To Go To War Able To Re-Open Pre-War Business Through Assistance of Rehabilitation Service

Inset by: Rehabilitation  
Information Committee (WIB)

Through Canada's rehabilitation service, James Griffiths of Toronto has been rescued from a quandary which many discharged service men are bound to meet. Before the war, Jim was a successful established plumber. He closed his shop in 1940 to join the army, spent four and a half years overseas, returned to Canada and was discharged. Substantial gratuity

was paid him by the Roman Catholic Church Victoria Road and burial in the Roman Catholic Cemetery.

enabled him to re-open his shop, but until it began to function, he supported his family on a temporary allowance provided in such cases. At far left, Jim is seen in his army uniform. Next, he talks with rehab officer Percy Boney, Toronto. Then he is shown working in a customer's bathroom and, at right, he is shown at the "head" stove in his shop in Toronto. Griffiths served with the R.C.E.M.E.

## OBITUARY

FRANCES EASTON

After a lingering illness borne

with Christian patience, Mrs. Frances

Easton, 51, passed away in the

Red Cross out post hospital early

Monday afternoon, July 23.

The late Mrs. Easton was the

daughter of the late Mr. and Mrs.

George Dummitt who were natives

of Hamilton County.

Her husband, the late H. H. Easton,

died several years ago. For many

years they lived on a farm and

after retiring lived in Hamilton

village. Mrs. Easton was a kindly

neighbor and a true friend and

those who knew her best regret her

passing. She was a faithful member

of St. George's Anglican Church.

During the war the late Mrs. Easton

gave much time to her work and

and spent many hours in the hospital

and in the hospital.

Her life has been an inspiration

to all and she made the best of

everything, before all good causes

and she loved her church and her

family.

She leaves behind three daughters,

one son, several grandchildren,

and a host of other relatives.

The funeral will be held on Wednes-

day, July 25, at 10 o'clock, at St. George's

Anglican Church, where the service will

be held. Rev. Mr. Harrington, a close friend

of the deceased, will officiate. The

## Cutting Retor

When Joseph E. Roohan, of Los Angeles, treated his wife, Ermina, she counterattacked with a knife, striking a divorcee in the bedroom door with which she is pictured. That her husband constantly threatened her with a butcher knife after she had been divorced, she dodged behind it.

## Marriage Of Local Couple Is Honoured

On Friday evening, July 13, a large gathering of friends and neighbours assembled at the home of Mr. and Mrs. Victor Reeds, and presented them with a well-filled purse and some very lovely gifts on the occasion of their recent marriage.

The evening was happily spent in dancing and card playing.

About midnight, the chairman, Mr. Tully asked the bride and groom to come forward and take chairs in the centre of the
